### PROFESSIONAL SUMMARY

I am a Full Stack Developer with hands-on experience building scalable applications using the T3 stack (Next.js, Prisma, TypeScript). Proven ability to integrate secure payment gateways and real-time features. My goal is to continue growing professionally while strengthening my expertise in full stack development

### TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), TypeScript.
- **Frontend:** React, Next.js, Tailwind CSS, Shadcn UI, Fabric.js.
- **Backend/DB:** Node.js, Prisma ORM, MySQL, MongoDB, Firebase.
- **Tools:** Git/GitHub, Clerk, Stripe, Pusher.

### Projects

#### Full-Stack Learning Management System (LMS) | Next.js, TypeScript, Prisma, MySQL, Stripe, NextAuth

- Developed a dual-role platform featuring a **Teacher Dashboard** for course creation, video/document management, and real-time sales analytics.
- Integrated **Stripe API** for secure payments and **NextAuth** for role-based authentication, implementing Prisma indexing to reduce database latency by 20%.

#### Graphic Design SaaS Platform (Canva clone) | React, Fabric.js, NextAuth, MongoDB, UploadThing

- Developed a Canva-like editor with **AI image generation**, freehand drawing, and complex object manipulation (rotation, layering) using **Fabric.js**.
- Engineered a multi-format export system for **PDF, Word, and PNG**, integrated **UploadThing** for cloud storage, and built a custom user dashboard.

#### Real-Time Messaging Platform | React, TypeScript, Pusher, MongoDB, Prisma, NextAuth

- Engineered a real-time communication system featuring **group chat creation**, **online/offline status tracking**, and **message "seen" receipts** using **Pusher**.
- Implemented secure file sharing and profile customization via **UploadThing**, alongside full chat management (delete/update) and **NextAuth** security.

#### SaaS Task Management Platform (Trello Clone) | Next.js, TypeScript, Prisma, MongoDB, Clerk

- Developed a multi-organization Kanban system featuring **drag-and-drop** task/list management and dynamic backgrounds via **Unsplash API** integration.
- Built a comprehensive **activity history log**, detailed card descriptions, and full CRUD functionality, utilizing **Prisma ORM** for complex data relational modeling.

### PROFESSIONAL EXPERIENCE

Junior Full-Stack Developer (Remote Internship)

April 2025

NIT-Services, Lahore

- Contributed to the development of a full-stack web application using Next.js, Prisma, Tailwind CSS, and Shadcn UI.
- Assisted in developing and maintaining frontend components with reusable UI patterns.
- Integrated backend APIs and worked with database schemas using Prisma ORM.
- Gained hands-on experience in building responsive, scalable, and modern web applications.

### EDUCATION

Bachelor's Degree in computer science

2022-2026

University of Okara

### Certification

Advance Web development | Udemy 2025

Internship Certificate | NIT-Services 2025

### Languages

Urdu (Native) | English (Professional)
